

“Omicron Transmission is Likely Facilitated by The Vaccines”: Dr. Malone Warns That If We Keep Vaccinating, We Risk Developing a More “Pathogenic Virus” – (VIDEO)

On Monday, Dr. Robert Malone spoke alongside several other world-renowned doctors and medical experts during a **panel discussion** that was hosted by Senator Ron Johnson (R-WI),

The nearly five-hour-long event, which was titled “**Covid-19: A Second Opinion**,” saw a wide range of issues discussed, including “the global pandemic response, the current state of knowledge of early and hospital treatment, vaccine efficacy, and safety, what went right, what went wrong, what should be done now, and what needs to be addressed long term,” according to its description on Sen. Johnson’s [website](#).

During the event, Dr. Malone, who is one of the esteemed inventors behind the mRNA technology that is being used in the experimental Covid vaccines, stressed that the worldwide campaign to vaccinate everyone under the sun, and hook them on perpetual boosters, is actually severely detrimental to the prospects of ever getting past this shamdemoc – especially, he says, with the emergence of the highly infectious, but overtly mild, Omicron variant.

According to Dr. Malone, if the public health regime continues to push this terrible universal vaccination policy, it will keep driving the virus to mutate, potentially to a state where it may be “more pathogenic and more able to elude immune response.”

“As I said back before Christmas, that Omicron has such [a] low risk for severe disease and death. However, it’s got a warning sign – and it’s what Geert [Belgian viral expert Dr. Geert Vanden Bossche] has been warning about, and what the FDA has acknowledged in the original documents allowing the Emergency Use Authorization – in which they told the pharmaceutical industry that they desired the pharmaceutical industry would investigate the risks of antibody-dependent enhancement or vaccine enhanced disease.

If we continue to pursue this universal vaccination strategy in the face of the pandemic, particularly with Omicron now – a much more highly infectious, highly replication-competent virus – what we risk is driving the

virus through basic evolution to a state where it may be more pathogenic and more able to elude immune response... in some, I don't wish to scare, we have had enough fear-porn."

Dr. Malone continues by pointing out that the currently employed 'sCiENcE' behind the universal vaccinations is actually going directly against everything known about "basic viral evolution," and the impact of the terrible plan is already starting to produce potentially catastrophic results.

Omicron, Dr. Malone says, is not only resistant to the experimental vaccines, but the new strain's "infectivity" also "seems to be facilitated by the vaccine."

He concludes, "this [universal vaccination] must stop for the sake of the world."

"But if we continue to pursue universal vaccination the high probability is that what we will continue to see is the evolution of additional escaped mutants that are increasingly infectious and may well become more pathogenic.

This policy of forced universal vaccination is absolutely contrary to all of our understanding about basic viral evolution. We are clearly seeing the development of escape mutants that are resistant to the vaccine. Omicron is not only resistant to the vaccine, but its infectivity seems to be facilitated by the vaccine - and in my opinion, this must stop for the sake of the world."

And you can bet your last dollar that Fauci and the Democrats know this and it's what they are hoping for; because it gives them indefinite and unchecked power over the people.

The vaccine was just the second stage of the plandemic. Dr. Malone is not telling the marxist-fascist leftist demonkRats anything they don't already know. The manmade and released virus was designed to work hand in hand with the mRNA "vaccine" in order to purify and strengthen the virus using these sheeple as the incubating chambers to produce an unstoppable virus that will kill quickly, especially those who volunteered to be mRNA incubation chambers by taking the jab. They will die first as their immune system has been destroyed in order to turn them into virus generating machines.

Isn't that exactly what gain of function is? Exactly what Fauci was working on with his pals in China?

This guy is a limited hang out because there is no "virus". Prove it exists or shut up believers. You don't have to live in fear of a "more pathogenic virus". Proof is in the pudding. Talk is cheap. I'm in Brooklyn, NY. The media reported sirens going off in 2020 constantly -- that's a lie. Nothing out of the ordinary was going on. In crowded Brooklyn, with the most contagious virus ever running around (and at the time reported as deadly) I never wore a mask, never hand sanitized, never wore latex gloves. I made it a point not to "socially distance". I touched door knobs, handles, flips, switches, levers, countertops..... Nothing happened. I'm so sick of liberals and conservatives siding and abetting the ruling class

liberals and conservatives aiding and abetting the ruling class agenda by believing in this false god. The only disease is in your brain. WAKE UP.

🔥💥 The RUTHLESS and extremely CORRUPT Governments won't STOP Mass Vaccinations just because many common men, women, infants and unborn children become very sick and even DIE due to the COVID-19 Vaccines ! Mass Vaccinations shall STOP only after some Presidents, Prime Ministers, Military Generals, Film Stars, Famous DOCTORS, Scientists and other TOP Celebrities get KILLED by the COVID-19 Vaccines !!

This is EXACTLY what the deep state wants or wanted. Do not fear. Do not comply. The good guys have already won. All the rest is part of the plan to expose it all and to wake up the masses. It's time to SHIFT. Spread the word.

suggesting that overuse of the vaccine may create a similar situation to Superbugs (antibiotics resistant bacteria).

However, the one thing we do know is that every RANDOM mutation of an organism results in the loss of information. While this loss of information may give an organism a short term advantage over it the original organism, the loss of information ALWAYS has a long term negative impact on the organisms ability to survive and reproduce long term. ALWAYS. This is shown by each variant of this SARS virus. The current

This is middle school science 101.

"Antibiotic resistance killed more people than malaria or AIDS in 2019

About 1.3 million deaths were directly caused by drug-resistant bacterial infections in 2019, a global study estimates"
