Leo Hohmann addressed the faculty and staff at Regent University at the Globalism Rising event last week. Dean Michele Bachmann from the Roberston School of Government sponsored the event.

(This presentation by Leo was an excellent piece on the New World Order.

together the event to discuss the threats of the New World Order on individual rights and its impact on Americans' civil liberties.

The event was a tremendous success.

The Gateway Pundit's Jim and Joe Hoft spoke at the "**Globalism Rising Authoritarianism and the Demise of Civil Liberties**" conference at Regent University in Virginia Beach on Tuesday.

Jim and Joe opened the conference with a timeline of "The Rise of Authoritarianism from 2020-2022" in the US and around the world from the start of the COVID pandemic to today.

This was followed by Leo Hohmann.

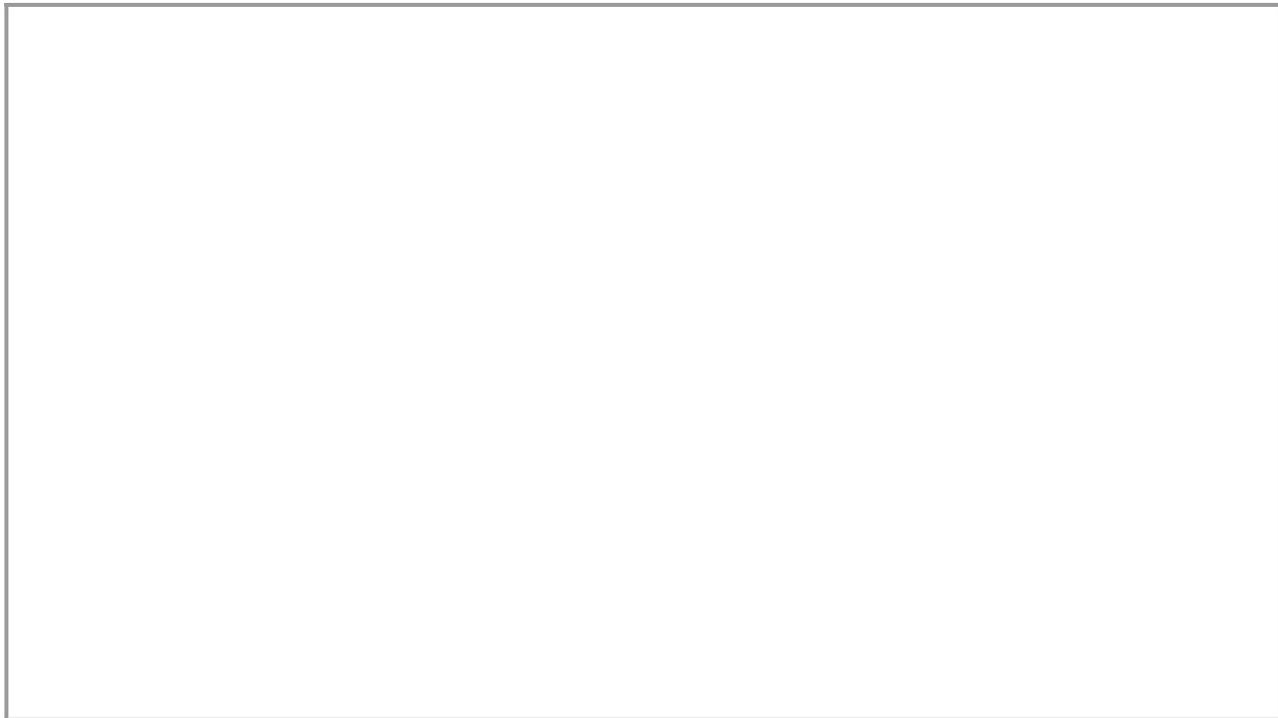

After an excellent introduction to the subject matter of globalization and the New World Order, Hohmann shared the following (at the 13:30 mark in the video below) during his presentation.

God created us with a free will, right? But under the technocratic movement, you are denied ownership over everything. That includes not just your physical assets, but your body and even your mind. They say you'll own nothing, have no privacy but somehow you'll be happy. The new definition of happy of course is you accepting the idea that you are no longer in control of your own body or thoughts.

At the 23:00 mark Hohmann says:

While the God of the bible has created you in his own image, with a body, soul and spirit. People like Schwab, Gates and Harari deny all of that... instead of that, they see a physical, biological and digital identity.
