Breaking: German Parliament Vice President Calls For Investigation into Covid 'Vaccine' Deaths and Damages (Video)

 Amy Mek  December 19, 2022  13 comments  3 min read

A Chief pathologist and his team discovered that in 30 percent of the people they examined who died shortly after the Covid vaccination, the vaccination was the cause of death.

The Bundestag [German federal parliament] Vice President, Wolfgang Kubicki, is calling for an autopsy for those who died shortly after receiving the Covid vaccine. Kubicki thinks it is essential that every unexplained death that occurs within 14 days after a Covid vaccination is automatically registered as a suspected case with the [Paul Ehrlich Institute](#) (PEI). The Free Democratic Party (FDP) politician says investigating a “link between vaccination, myocarditis, and death is imperative.”

people they examined who died shortly after the Covid vaccination, that vaccination was the cause of death.

“We are talking about a relevant number that makes it necessary to approach this problem systematically,” said Kubicki. According to the FDP politician, the health authorities should “regularly” carry out autopsies on all people who died within two weeks of the vaccination: “That also makes sense because the conditional approval of these vaccines took place under enormous time pressure.”

Tino Sorge (CDU), the health policy spokesman for the Union faction in the Bundestag, [believes](#) that “Two years after the first covid vaccination, it is high time for a more open approach to vaccination side effects and vaccination damage.” Schirmacher’s study is also worrying, explains Sorge, “because it shows how little we know about the risks of the vaccines even after two years.”

According to the Christian Democratic Union of Germany (CDU) politician, research and data collection must now be pushed ahead at full speed: there is still a lack of reliable and meaningful data. The findings are of the utmost importance for the benefit-risk assessment. To this end, the PEI should be strengthened, data better used, and reporting procedures considerably simplified.

German news agency, WELT, published an [interview](#) with the pathologist Schirmacher on Monday. He called for more research to be carried out on the subject of vaccine damage. “There are important unanswered questions that should be clarified either through comprehensive registration of all undesirable effects or as part of further research in the sense of vaccination improvement, vaccination indication, and civil protection,” says Schirmacher: “Are there any genetic factors or certain previous illnesses – for example Autoimmune diseases – that predispose to severe vaccination consequences? Vaccination consequences are vaccine-dependent – but which characteristics and components of the vaccine determine this? Do certain types of applications play a role?”

The German news agency BILD [discussed](#) politicians’ recent demands for investigations into the Covid vaccines and the harm they could be causing. See the video exclusively translated by RAIR Foundation USA:

A “Limited Hangout”. A technique used to derail the public from looking deeper into a subject, by admitting a smaller part of the truth, hiding the bigger parts, and telling everyone that: “Do not worry, WE will look into it, so that YOU do not have to do it. This method was developed within circles of espionage, and it has later been adopted by the powers behind the curtain, and their media dogs. The sheeple will then sleep better, and look the other way.

So so on point! As long as the majority nod, work, obey and accept that " No one would ever do this to hurt humanity" we will the evil will always win. Question EVERYTHING, and do research! You are you. Make informed decisions, think think think. You have one body, one life, bloody use your time here wisely and stand up if YOUR body or livelihood is threatened.

"We are talking about a relevant number that makes it necessary to approach this problem systematicilly."

OH, SO IT IS JUST A "problem"????!!

WHERE IS THE WORD: GENOCIDE???

"He called for more research to be carried out on the subject of vaccine damage. "There are important unanswered questions".

THERE ARE NO MORE UNANSWERED QUESTIONS! ALL RESEARCH IS DONE ALREADY! THIS IS GENOCIDE!!!

ARREST IMMEDIATELY AND HANG THESE GENOCIDE CRIMINALS :

Fauci, Ghebreyesus, Bill and Melinda Gates, Biden, von der Leyen, Bancel, Bourla, Soriot, Merkel, Macron, Marin, Ardern, Trudeau, Zelensky, Scholz, Schwab, Harari, plus all doctors and nurses that gave this mRNA GENOCIDE injection, plus all politicians involved in this GENOCIDE! EVERY ONE OF THEM!

Todos deben ser perseguidos, atrapados, enjuiciados y ejecutados públicamente, eso sería Justicia con Mayúsculas. A propósito, te Faltó Donald y su comitiva de la Warp Speed Operation. La Justicia no discrimina, si lo hace, no es justicia

Nineteen per cent excess mortality? I bet the excess mortality in 2020 was maybe a few per cent, if that. And that excess was due to deaths in the poor, the minorities, the weak as well as the elderly.

The number killed by the injections (they are NOT VACCINES, they are gene “therapies” – no-one has been “vaccinated”) vastly exceeds the numbers of C19 deaths diagnosed using a debunked Drogen RT-PCR test to falsely diagnose “cases”.

C19 infections last a few weeks in anyone under 65, with barely any long term effects. The injuries from the injections are permanent.

It is shocking to see the complete lack of outrage on the focus on the number that 19% excess deaths means. For 94 million Germans, around 1 million die every year.

19% excess means 190,000 more Germans died. Total deaths after three years with C19 “present” (not the cause of death, the presence of C19 per the debunked RT-PCR test) are 160,000. Of that 160,000 just 5% had ONLY C19 present at time of death. Yet the panel looks for apologies and bridges. The injections killed 190,000 people in a few years (or one year – 2021?) v only EIGHT thousand with only C19 present at time of death.

From Mercola.com:

“In mid-June 2022, the United States became the first country in the world to grant emergency use authorization (EUA) for COVID jabs for toddlers as young as 6 months. December 8, 2022, the U.S. Food and Drug Administration authorized the updated bivalent COVID boosters for this age group as well

The reformulated bivalent shots were authorized for adults, based on antibody levels in mice, just three months earlier. The FDA has zero data on its use in babies. Initial data is not expected until January 2023, yet they authorized the shot for babies anyway

The COVID shots are the most dangerous medical intervention ever released. Centers for Disease Control and Prevention data show nearly 30% of V-Safe participants aged 12 to 17 were unable to perform daily activities after the second dose, and nearly 20% were unable to attend school or work after the booster

How can the FDA rationalize a bivalent booster for babies based on data showing 2 out of 10 tweens and teens get so incapacitated they cannot attend school?

The FDA and CDC aren’t the only ones at fault. The U.S. Congress has, over the past 30 years, slowly but surely paved the way for legalized tyranny and genocide. What used to be crimes are no longer, and the FDA is actually part of the group of agencies that run the U.S. bioterrorism program”

USE THE RIGHT WORD: GENOCIDE!

OBAMA'S AND CLINTON'S AND EU'S CORRUPTION WILL PROTECT THEM, OR SO THEY THINK.

VON DER LEYEN, WHY ARE YOU STILL SITTING THERE AT THE PARLIAMENT, DO YOU THINK YOU ARE FOREVER PROTECTED BY YOUR CORRUPT FRIENDS?

The problem is that the experts on the pure blood side cannot agree among themselves, a few believe, possibly rightly that there is no such thing as a virus. Because of this wrangling we are losing momentum. Does it matter? I think so.

Too many people trying to make a name for themselves who are not in any of the health positions and have no credentials but are determined to get all the idiots to subscribe financially.
