NEW: Vax mandates for emergency service volunteers in Victoria have suddenly been ripped off. Bizarrely, it seems it's just for volunteers. Public servants are still forced to have 3x doses or they can't work.

GET AUSTRALIA OUT OF THE UNITED NATIONS NOW

One Nation supports this emergency. Senator Rennick, Liberal National Party, also most strongly supports this. There are others too. Support One Nation this forthcoming March NSW State Election. Volunteers most welcome.

Senators Malcom Roberts, One Nation and Gerard Rennick, Liberal National Party can be seen on YouTube presenting many times in the Senate, how the “vaccines” are neither safe or effective.

Is the Mark of the Beast here yet—Israel—saw a video at a Mickie-D’s —if you can’t prove you had the Vax then you couldn’t purchase anything—Your hand print is now the thing, connected directly to your credit—no card needed much less any cash—wake up !!!! The US may be the last to really get hit hard but they are pushing and it is coming—Where is all the promises of the White Hats if you can believe that—lol

Time to identify who in government is working with corporations for this and get rid of both sets. They want to eliminate people but the greater population can decide who if they know the people that want the population eliminated.

If they off themselves who will remain to finish the job ... Can yo imagine how much time and money it's taking just to kill the few million of us with a vaccine ...

The back-up death plans are no heat in winter and not food anytime. So those assigned to take about 7 billion of us out ... and dispose of the bodies ... that's Herculean.

Perhaps when they are getting close to the goal, they will just break out the machined bulldozers.

The Jab was sold to the public with the promise that if you catch Covid the vaccine will "protect" your loved ones and the severity of your infection will be less.

Both promises have proven to be outright lies.

Covid vaccines are the equivalent of taking two aspirin, to lower the severity of your infection.

I believe the “vaccine” is working EXACTLY as intended. Force control of the people. Reduce the population. Tons of heart problems and a very high number of excess deaths! Yup. It never was a vaccine. It was always ‘gene therapy’. The sheep are dying and they are happily (or fearfully) walking straight in line for the slaughter.

What if, there never was a “novel coronavirus” nothing but the seasonal flu built up by breathless “journalists” and pushed by our feckless “leaders”?

Are the main agendas of the CV Sales pitch are to corral as many into seeking the CV and to also clearly identify ones who easily saw thru this repeated scam and ignored the nonsense advice from obvious morons pretending to be experts?
(Looking at you Anthony FacedUsUp)

OK, Sure, people got sick, but didn't the annual death increases wait to begin until after the CV wax rollout"?

What if indeed.....

Make sure if those in government go full Nazi again and the LEOs are their enforcers, that you get the Popo's badge numbers. When justice returns to America someday in the future, we will know who to go after. The biggest mistake tyrants and Nazi's always make, is thinking that they're immune for the carnage they created. Ask Mussolini, Saddam Hussein, Hitler, Nicolae Ceausescu, etc. how things worked out for them. LEOs who go along with this and turn on their fellow countrymen, and I know some won't, but those who do, need to remember what happened to the Nazis at Nuremberg.

I am convinced that if a govt authority told people to go to the nearest tall building and jump off, half the the population would be dead by morning, that includes half my relatives. Another 25% would be dead by noon the next day because they were delayed stopping to get masks and boosters for the jump.

Context, wife is sick. She tests positive for corona. Other relatives freaking out think we should take her to hospital. I give her 2 shots of peptobismal, and in 20 minutes she's feeling better, eating soup, and catching some sleep. She will survive. She has had worse flus. They are convinced I will die because I am unvaxxed (wife is vaxxed). I am not sick and past the incubation stage. I am probably immune. This defies their brain logic. How could I be immune if I never got the shot and never had covid? They are completely convinced that immunity comes from a needle. They have no concept of how the human species got this far. Apparently, we are all just bio-mechanoids who owe their life to a govt talking head. They refuse to discuss, debate, or consider anything but state sponsored and approved propaganda. In the words of Galileo, phuckem.

It's not only Australia. The USA did and is doing it also. I had a co-worker that had to move to TX from NV. She was denied unemployment because she refused the vaccine. I was offered a job, after being off due to surgery since July, on Tuesday. I accepted the position on Weds. Haven't heard a word from the company since. I am unvaccinated, but have a medical exemption from my allergist. I texted the person who offered me the job on Friday saying I

hadn't heard from HR and she hasn't replied. I have a feeling it is because of my unvaccinated status. I want that on the record and then I'm talking to a lawyer.

Understand people we are living through a moment in history that will be one of the most trying times of mankind. We are on the edge of extinction if they are successful. I don't say this as a conspiracy theorist. Our military has been compromised along with our emergency services. Add in all of the airline pilots and first responders. How can you help? Share what you know with EVERYONE. Don't be afraid to be called names. We need to awaken the masses. They are distracted on purpose. Will Tom Brady and his old lady get back together? Will so and so get a butt lift? Those are all distractions to keep people from knowing what is really happening. Share CFP. Share the truth without the fear of being called a silly name. Look what happened in New Zealand when they took that baby. Look what's happening in North Carolina with the 14 year old being denied a kidney transplant since she is not vaccinated. WAKE UP PEOPLE.WAKE UP.
