

Who were the first people to publicly demand a halt to the COVID vax program?

The people who called this early are the people that the authorities should be listening to now.

Executive summary

There were a LOT of people who publicly called for a halt to the COVID vaccines shortly after they were rolled out. This is just a partial list. **I'm going to have to create a survey form to get a complete list!**

These dates are in 2021:

1. Dr. Peter McCullough: March 10
2. Dr. Geert Vanden Bossche: March 24 (possibly earlier)
3. Janci Lindsay: April 23
4. Mike Yeadon: May 15
5. Steve Kirsch: May 25
6. Byram Bridle: May 26
7. Robert Malone: May 30
8. Bret Weinstein: Jun 10
9. Wayne Root: Jul 20

Others have mentioned these people, but I don't have dates. When I do, I will update the master list. Thanks for your help.

1. Dr Lee Merritt
2. Judy Mikovits
3. Dr. Sucharit Bhakdi

I always get vaccinated. I have been fully vaccinated with the Moderna COVID vaccine. My three daughters have all been vaccinated.

I recently learned that [these vaccines have likely killed over 25,800 Americans](#) (which I confirmed 3 different ways) and disabled at least 1,000,000 more. And we're only halfway to the finish line. We need to PAUSE these vaccines NOW before more people are killed.

The CDC, FDA, and NIH aren't disclosing how many people have been killed or disabled from the COVID vaccines. The mainstream media isn't asking any questions; they are playing along. YouTube, Facebook, Twitter, and others are all censoring content that goes against the "perfectly safe" narrative so nobody is the wiser. Tony Fauci, the "father of COVID," is still in his job even though all of this is his fault. Cliff Lane, who reports to Tony, is still sandbagging early treatments so that people will falsely believe that the vaccine is the only option. The Democrats are still asleep at the wheel by refusing to request Fauci's unredacted emails from the NIH which will prove he covered up the fact

Special recognition for those who encouraged the public to ignore the safety data

I also want to call out those special people who encouraged the public to ignore the safety data in plain sight. Rather than try to explain it, they encouraged you to ignore it!

That's over 150x decreased risk just from taking these 3 dirt-cheap supplements that everyone has known to be safe + effective for decades! And it was all pre-vax, it was for the original Wuhan strain that was most dangerous!

There are so many who did not comply. Here is one story...

DR. CHRIS RAKE: And this is what happens when you stand up for freedom and you show up to work, willing to work, despite being unvaccinated. And this is the price you have to pay sometimes. What they don't realize is, I'm willing to lose everything, job, paycheck, freedom, even my life for this cause. Be well. United we stand, divided we fall.

EDWARD GALVIN: If you keep coming close to me, I'll take that as a threat. I'm telling you that right now. I want to be fair to you.
