Here are 40+ sudden collapses since Jan. 2021:

#1 The CEO of the OneAmerica insurance company publicly disclosed that during the 3rd and 4th quarters of 2021, death in people of working age (18–64) was 40% higher than it was before the pandemic.

Significantly, the majority of the deaths were not attributed to COVID.

#2 Ed Dowd (@DowdEdward), a former Blackrock portfolio manager and author of the new best-seller Cause Unknown:

"A 40% increase in deaths is earth-shaking. Even a 10% increase in excess deaths would have been a 1-in-200-year event. But this was 40%."

#3 The Society of Actuaries Research Institute published its COVID-19 Mortality Survey Report.

Q3 2021:

- 25-34: 181%
- 34-44: 217%
- 45-54: 208%
- 55-64: 170%

Excess deaths increased (red & orange) as the Biden administration and corporations enforced vaccine mandates.

#4 This increase in the death rate of working-age people also appears in the CDC's Mortality database.

[@DowdEdward](#): "From Feb. 2021 to Mar. 2022, millennials experienced the equivalent of a Vietnam war, with more than 60,000 excess deaths."

[usmortality.com](https://www.usmortality.com)

#5 The excess death rate of working-age people also increased in these European nations after mRNA vaccines were introduced:

- Austria
- Spain
- Italy
- Netherlands
- Denmark
- Belgium
- France

#6 As previously documented, Pfizer has habitually engaged in illegal marketing practices, bribed physicians, and manipulated studies.

Their Covid-19 trial also shows an ***INCREASED*** risk of illness & death in the vaccinated group compared to the placebo.

If the government takes your tax dollars to pay for a Pfizer product...

Then takes away your rights until you take that Pfizer product...

Then shields Pfizer from any financial liability if you are harmed...

Is the government a seamless subsidiary of Pfizer ?
