Tucker Carlson

Farmers have noticed something odd: their chickens aren't laying eggs. They don't appear sick with avian flu; they're not dying. What's causing it? Some have concluded their chicken feed is responsible.

Interestingly enough, Tucker notes that smugglers are now trying to sneak eggs across the Mexican border in the full segment on YouTube:

Conspiratorial thinking or a harbinger of something far greater? Perhaps only time will tell.

In the words of Tucker, it's something to be "a little paranoid" about.

Putin could become a savior of humanity with a few carefully placed ICBMs at the WEF.

The evil WEF is involved in starving the world's population by any means necessary. Wake up. Everything about the globalist left is evil and eliminating food production is just one way they're attempting to meet their goals of population reduction.

So true, Death = evil... Life = good,,, good and evil? Choose you this day?

From the very beginning humanity has had a choice. Today is no different.

Everything points to what Bill Gates said, that they want to get the population in this world down to 500,000 people, why, spare parts. Sick in know.

In the last 100 years evil has killed well over 1 billion people, war and famine... today they are doing the same thing. Make no mistake. Evil is real and it is coming after every human being... wake up. Every thing points to death.

MSM, NWO, WTF, GREEN DEAL, CARBON, all has one thing in common you and i must die. Wake up if they have not come for you today, they will tomorrow.

After we are the problem.

It's all being purposefully done. Whether arsonists for the WFF et al are burning down food processing plants and egg farms, or the

Davos gang is making sure that chicken feed has been contaminated, it's all part of the diabolical plot. Bill Gates, Soros, Schwab and the other unelected billionaires want the world's

population shrunk from 8 billion to 500,000. The clot shot was deployed to effect population reduction. Now, the food supply is being tampered with. Dr. Malone has written about these same

demons wanting to inject the clot shot into meat etc. They are following Stalin's ploy to bring the Kulaks to heel when he

created the Holodomor in Ukraine. Globalists and their compromised paid politicians don't give a fig about any of us serfs. NONE of this will stop until the billions in our world make it stop. These criminals are a tiny percentage of our world's population.

They don't even need to starve America.

Just destroy all the economies in the third world and increase food prices there slightly and then open our borders.

only listen to cnn and all the other liberal media companies who are the precise reason why fox news had to be created as the only conservative alternative to the liberal media. Then when joe rogan became the biggest podcast you morons went after joe rogan as if he is right wing or something. Everyone loved Trump until he run as a republicans then it became "orange man bad" then you got "bald ufc fighter bad" and "tesla man bad" next we got "florida man bad"

At what point you wake up and realize the media have brainwashed you to hate people you know nothing about because they dont like them?

this is clearly bait but statistics are clear it is overwhelmingly the left that are mentally ill. Also the consequences of your actions will make the current people under 30, that are a tiny minority change their views in the future, from trans surgery regrets, to men being treated like crap because the left has nothing for them, just hate as it is a feminist anti masculine movement to white people being not a second but a last class of citizens in this country, to latinos being catholics and agaisnt abortions and lgbtq. Soon things will change or completely collapse. You guys control the entire system and scare children with lies about climate change and 72 different genders and the results of that is young people not wanting to have kids so demographics collapse which means less babies and pushing lgbtq making youth 30% lgbtq means lower birthrates, basicly what i am saying is the west is dying and in the future will be rulled by china russia or iran, because they have kids.

Good luck.

I monitor several ULTRA EXTREME FAR LEFT websites, like "ForexLive", I often come across YOUR name "iseeit", and the content is SO extreme with their DISGUSTING comments and ideas spewing forth, full of

disinformation, misinformation and malinformation which leads to needless partisan resistance to the American way of life. There is a furious effort to spread disinformation around most issues. I'm sure it is very carefully monitored and at some point the authorities will take "iseeit" and other domestic terrorist out. The highest probability is that by monitoring the terrorist communications Federal authorities will be able to at some point begin dismantling their ANTIFA cells and disabling the EXTREME FAR LEFT websites/networks of hate, intolerance, and disinformation. The despicable and disgusting conspiracy theories are enough to make any normal person completely outraged. Talk about NASTY. You are the, hateful, bigoted, racist FASCIST that you say others are. What a TRULY nasty racist, fascist piece of \$#!t you really are, poor, poor "iseeit", suffering from terminal Trump Derangement Syndrome and overdosing on PROPAGANDA. "iseeit" you are sad and Pathetic.

I think they are doing a lot of little things on purpose in a coordinated way.

There are a lot of little moves they have made that went below the radar because a lot of little things have happened just like that in the past and it was a natural occurrence in the economy
