There were fireworks on Capital Hill Thursday afternoon when an FBI whistleblower made a bombshell admission to Congressman Matt Gaetz. According to the whistleblower, the D.C. FBI Field Office refused to provide video footage of the events on January 6th to the Boston office. The reason given for withholding the footage was that there were undercover officers from the FBI who were actively participating in the “insurrection” that took place that day.

Wow. It's not like most folks didn't already realize this, but it's quite jarring to hear somebody from the bureau actually say those words out loud. It's stunning and sad to see how far this country has fallen in the name of left-wing power and politics.

The takeaway from Thursday's hearing is crystal clear: the FBI is helplessly politicized and irreparably broken. This notion perfectly aligns with the recent Durham report, which strongly criticized the FBI for launching an investigation into Trump without a shred of evidence.

[New York Post:](#)

The FBI is “broken” and is “targeting” agents who hold conservative political beliefs, the House Judiciary Committee and Select Subcommittee on the Weaponization of the Federal Government charged in a report released Thursday that cites current and former bureau workers.

Special agents Garret O’Boyle and Stephen Friend, supervisory intelligence analyst George Hill and staff operations specialist Marcus Allen, as well as unnamed whistleblowers, have alleged that America’s top law enforcement agency is beset by “abuse, misallocation of resources and retaliatory conduct,” the Judiciary panel said in a statement.

In the words of one of the whistleblowers, the FBI has become “cancerous” and “let itself become enveloped in this politicization and weaponization.”

The “Weaponization” hearing had some pretty interesting moments. One that stood out was when this whistleblower spilled the beans on how the FBI tricked the American public about January 6th.

Make no mistake about it, 6 Jan 2021 was an orchestrated Deep State Democrat / Pelosi and DOJ-FBI-DHS set up frame job to politically and legally accuse, charge, and indict Pres Trump for insurrection, sedition, and treason. With FBI plant agitators like Ray Epps who screamed on a bull horn to Trump election protesters to storm the capital (who was never charged by the FBI for inciting insurrection-shock and surprise), where Pelosi had the Capital Hill police (caught on video) waving in Trump election protesters to storm the capital knowing full well what will happen to use it to Politically, Legislatively, Legally under the Biden Regime DOJ-FBI Gestapo henchman Merrick Garland, accuse and indict Pres Trump for inciting insurrection and sedition violence by Trump supporters, to politically and personally destroy Pres Trump, via 6 Jan Pelosi Politburo Political Stalinist Show Trial.

When the Govt - the State uses it's legal govt law enforcement agency or agencies apparatus (let alone the military) as a political weaponized tool against it's political opponents, political opposition, against the people, knowingly engage in to illegally set up and frame innocent people, let alone a duly elected US President of the opposition political party of accused crimes he never committed, it's called a Police State, and when done in and under the guise of a democracy, let alone in our Constitutional Republic - govt Of, By, and For We the People , it's not just political criminal corruption, it's govt state sanctioned tyranny and oppression, Sedition and Treason.

There's only one way to fix this -

The United States must have a National Nuremberg style trial of the conspirators and traitors

Abolish the FBI, DHS, IRS, the CIA, and create a new govt legal Fed Law Enforcement and Intelligence Agencies with massive political Congressional Oversight, which immediate consequences such immediate firing and or prosecution of senior govt executive agency officials can be attributed

Thirdly, abolish the "Patriot Act" which was created and designed to bypass and override US Constitution protections and rights after 911

The only power in the hands of the Republican leadership in the House is the power of the purse. Expose and defund...this is the FBI harming citizens so the FBI has zero dollars because of their criminal actions. The Durham report exposes an out of control DOJ, so the DOJ will have zero dollars because of their criminal actions.

The corruption in the FBI and DOJ is stunning. They are cowing their employees into submission. If a strong Republican isn't elected in 2024 to gut the rot, the USA is OVER.

Not "ELECTED" Bob, If MASSIVE AND SWEEPING ELECTION REFORM DOESN'T HAPPEN then the USA is over. And it's not looking good. Our best chance is DJT and his closest allies have a grand plan on how to fight and beat the election steal ( and are just staying quiet as loose lips sink ships) Also if God almighty reaches down and smites these Demons. Those are our two options I am afraid.

A word or two about this Jan 6 topic.

First,...Lefties operatives created JAN 6 turmoil at Washington DC Capitol,...and as expected the FBI, CIA, NSA, all government agencies, overloaded and so under control of the Socialist/Communist anti-American Democrat Party will deny it all the way down to their graves.

Anyone can look this up...

The democrats were, and still are, very active denying what really took place.....tv tabloids and yellow press publication are very active in a cover-up.

RE - [ Trump Supporters Are Spreading Lies That the Rioters Were Antifa ]

And yet the truth always find a way to get afloat.....

RE - [ Two known Antifa members posed as pro-Trump to infiltrate Capitol riot: sources ]

RE - [ Antifa, BLM Protester BRAGS On Camera About Posing As Trump Supporter To Instigate Violence At Capitol – Confesses To Breaking Windows ]

Anyone curious or interested?...just look it up.

Yet, some RINOs in the House, such as Rogers from KY, still heap praise on that corrupt tyrant Wray.

G. Gordon Liddy used to have a saying for when the fbi shows up in your yard, "Head taps baby, head taps."

If just one American followed his advice it would be the beginning of the end for the fbi. Just sayin' is all.

Hearings are great (finally!)... Now what are republicans planning to DO about all of the criminality being exposed within DOJ? Or will this all just be another "Durham Report" that exposes truth but brings no consequences?
