My video update transcript:

- Oct. 7th, 2023, This is Efrat Fenigson, and I'm here to share an update from Israel-Hamas War which started this morning.
I'm going to share some key details and concerns, mostly based on Israeli citizens' voices from the ground, and on official statements.
- This is a very tough day for me and for us in Israel. It is tough for people of Palestine too, especially now that Israel is starting to attack back. War is a horrible thing for everyone involved, except for those who get rich from it.
- This morning, around 6am, sunrise, Hundreds of Hamas terrorists, at least 300, breached the border fence in multiple places, completely unimpeded, leading to terror attacks and kidnappings in Israeli towns or villages.
- The terrorists infiltrated a significant number of dryland outposts as well as a naval infiltration point in Zikim. As we speak, Israel is actively engaged in combat in n 22 outposts. - this is from the IDF statement.
- The attacks have already resulted in over 100 casualties and more than 100 kidnappings of Israeli citizens.
- In one village, 50 Israelis have been taken hostage, leaving people locked in shelters for long periods of 8-9 hours without rescue.
- In some places the terrorists were burning the village and people didn't know if to leave the shelter and surrender or stay and pray the fire doesn't catch them.

- Many young people who were in a big outdoor party near the Gaza envelope villages, were attacked there, some ran away, some were injured and some are still missing.
- Apparently Israeli Defense forces that were supposed to be around Gaza were placed around the West Bank because of security concerns so the Gaza envelope was left unoccupied with military.
- Soldiers are being recruited for reserves, but because of stupid reasons such as no public transport they're waiting hours to get to bases.
- Mainstream media apparently admits that IDF spokesperson is forbidding to tell the complete truth, highlighting a lack of transparency. Only now, 6pm Israel time, 12 hours after the event started, we received the first formal announcement from IDF spokesperson: <https://www.timesofisrael.com/liveblog-october-7-2023/>
- A year ago there was a military operation in Gaza to prepare for such events, and ongoingly there are trainings for these kinds of scenarios. This raises serious questions about Israeli intelligence. What happened?
- Two years ago there was a successful deployment of underground barriers in with sensors - to alert terrorists breaches. Israel has one of the most advanced and high tech armies, how come there was zero response to the border and fence breaching??
- I served in the IDF 25 years ago, in the intelligence forces. There's no way Israel did not know of what's coming. A cat moving alongside the fence is triggering all forces. So this?? What happened to the "strongest army in the world"?

How come border crossings were wide open??

Something is VERY WRONG HERE, something is very strange, this chain of events is very unusual and not typical for the Israeli defense system.

- With the recent normalization efforts of Israel and Palestine led by Saudi Arabia, I wonder whether a prisoners exchange deal is something that could only be seriously considered by Israel if a shocking event like that happened?
- Is it a possibility that only with Israeli hostages it can be justified to release dangerous prisoners from Israeli prisons?

- MSM reported that “Deputy Hamas leader Saleh Al-Aruri suggests using Israeli prisoners for leverage in negotiations.”
- A point about the situation in Israel in the past few years - those who follow me know, that there’s a general sense of insecurity in Israel, there’s political and social instability, public funds are being misused on agendas such as Covid, climate, judicial reform, abolishing cash and more. The current and government is highly corrupt in my view, while the previous one was no better.
- I don’t care about having a popular opinion, I care about exposing evil forces - wherever they are:
 - To me this surprise attack seems like a planned operation. On all fronts. This is a failure to protect the people of Israel, for sure, perhaps the biggest failure since the Yom Kippur war exactly 50 years ago, if not bigger. - by the way - is it a coincidence it’s exactly 50 years ago, almost on the day? The Yom Kippur War was on Oct. 6th 1973.
 - If I was a conspiracy theorist I would say that this feels like the work of the Deep State. It feels like the people of Israel and the people of Palestine have been sold, once again, to the higher powers that be.
 - At the same time, this is still very difficult to fathom.

Please share this update,

Take care,

Efrat

🇮🇱 Israel. War. Once again.

I woke up at 6am to horrible booms of missiles and sirens. 💣💣

I'm ok, the situation does not feel ok.

I said a big war is coming, this may be the one.

Praying for safety and peace. ❤️🙏

False flag psy-op? Is this a directed event to escalate it into WW3 and destroy Israel, one of the objectives of the globalists, as proven by the Holocaust or the Pfizer-haccine-caust targeted to Israel... considering Netanyahu signed the exclusive deal with Pfizer to cull Israel through the injection of the bioweapon 🤔

Remember the false flag psy-op 9/11 ? watch amazing short and more evidence here:

Interesting, I am Jewish (Ashkenazi) and have never considered myself as any other race than white! I am looking at my white skin right now, my light brown straight hair and my light eyes. Maybe you are going one level deeper in your determination. I would guess 99.9 percent of Ashkenazi Jews in America consider themselves white. They would actually think you were crazy to consider them anything other than white. I would also guess that 99.9 percent of Americans see Sephardic Jews as white. Yes we Jews are seen as Jews but never seen as not white. I see Sephardic Jews as white. Point being your purist definition is more text book than reality.

From a guy who by and large would say, 'i love that monk'; he also had good and bad quotes and so is no means a Protestant Christian's standard of authority. James, 'being a right strawy epistle', is another. But, 'here i stand, i can do no other' (although debated) is a good example of why he was the man of God's hour, made for the hour in God's plan. Notice that Hamas are "terrorists" when they retaliate against decades of murder by Israelis, but Israelis never are, even when their snipers sit and pick off women and children from a distance. Israelis have perpetrated horrors on the Palestinians, but that never gets reported--Israelis had kidnapped 10 Palestinian children in October alone. Regularly Israelis torch olive trees and kill Palestinians to steal their land, land that has decreased over the last 70 years to almost nothing because Israelis have seized it illegally. There is almost no Palestine left after 70 years of Israeli looting, starting with a genocide in 1947--they were barely in the country before launching a genocide against Palestinians. The UN recognizes Israel as an apartheid state, and Palestinians after 50 years are defending themselves.

Here's a thought to ponder on:

The PRIMARY reason for the establishment of the state of Israel (and the Zionist movement by extension) was to concentrate as much of the global Jewish population as possible in one single place so that they could more easily be WIPED OUT!

In case you didn't know, the State of Israel and the entire Zionist movement was (and is to this day!) a project of the Rothschilds (who are NOT Jewish!).

Don't believe me? Here is one of them saying it in his own words!!

IMO it doesn't matter what religious background they come from or pretend to belong to. It is the evil part, with sociopathic and psychopathic tendencies, of them that is the problem. And those (or more the sociopathic traits) can be learned to a child during upbringing. And then all bets are off. I remember an interview with George Soros where he told about his life when he was 17 years old. Under Nazi German occupation. He told he betrayed other Jews to the Nazis and they were deported and all their possessions confiscated for which he got a reward. It was necessary to save his own life he claimed. And while that is questionable at best (and just traitorous, egoistic and evil by normal standards) he made it worse by adding to it that is was the best year of his life.

I almost fell from my chair when I heard him say it. That's some inhumane sick stuff and unfortunately (too) many of our leaders have these inhumane traits.

Do you all want to know how this massive security breach happened? As with 9/11 done by Israel, all by DESIGN! Netanyahu aka Psychoyahoo and his Zionist mass murdering criminal conspirators planned it this way so they could have a new excuse to mass murder as many Palestinian civilians in their high rise apartment building homes being bombed into oblivion and into rubble and expel them from their ancestral lands as fast as possible always blaming Hamas as their usual excuse to commit war crimes and intentional genocide. They've done this before and they always repeat the same process and with the same lies. US and Israel will both vanish from this earth in coming WW3 WAR of Battle of Armageddon!!! always follow the money. All Wars Are Bankers Wars- Mike Rivero (on bitchute)

fwiw-There have been major problems in the markets- bond market collapsing, last week people were worried that we were soon headed for collapse. As Gerald Celente says, when all else fails, they drag you to war.

Special Report: WAR HAS BEEN DECLARED! But NOTHING Is What It Seems To Be... Mannarino
<https://gregorymannarino.substack.com/p/special-report-war-has-been-declared> "institutions knew this was going to occur, and that's why money was pouring into stocks yesterday" also going to affect the bond market, money will flow into bonds, push yields lower, Question EVERYTHING!! When all else fails ,they bring us to war- war is positive for the stock market

Liquidity Crisis? No Problem, Just Start Another War!

<https://gregorymannarino.substack.com/p/liquidity-crisis-no-problem-just> Also worth reading- to get the background on the looming liquidity crisis: <https://gregorymannarino.substack.com/p/maximum-saturation> (excellent explanation of what's going on in the global financial situation--the central bankers debt based monetary system is collapsing, overloaded with debt, war spending could prop it up for longer) IMO, the central banking cartel rules the world. They have captured all national governments by getting the power to issue national currencies created out of thin air and loaned to governments at interest. Central bankers have enslaved all national governments with debt. National leaders are puppets. The central bankers are behind the wars- they make money financing wars from all sides and the goal is to enslave nations with debt. They deliberately keep people/nations in conflict, so they can kick off a war as needed. Citizens slaughter each other while the central banking cartel gets wealthier and wealthier. All wars are based on deception and lies. We can never take anything at face value. Many wars are set off by false flags.

fwiw- comment from someone in the IDF 20 years ago:

<https://www.sott.net/article/484970-Israel-in-state-of-war-with-Hamas-after-Palestinian-militants-launch-unprecedented-incursion-into-Israel-UPDATES#comment475653>

False flag!!! I'll spare you the videos, but my morning started with my father sending me videos of IDF soldiers slaughtered in their barracks still in just their underwear, to which both of us as former service people ourselves immediately agreed that it's im-fucking-possible! I did a service with IDF and have been to most bases in the south, and the ones close to the borders are always on highest level security alert: armed guards on towers 24/7 and all personnel are required to carry their personal weapons at all times... including sleeping with it literally under your mattress exactly for such situations! So how the hell could a group of Palestinians break into a base and make it all the way to the barracks unnoticed and unheard? I saw the media trying to sell a story that Iranians provided some equipment that jammed the electronically monitored fence, but any disturbance immediately notifies command and control center in Israel's equivalent of the pentagon and someone would be immediately in touch with the bases' commanders especially in the middle of the night. But even if that story is true, where were the night guards not to see the combatants approaching and alert everyone? With bases neutralized, there were no one to come to help the civilians in the area... how convenient.

I hate and condemn all war, but I place the entire blame on the Israeli Leadership—not the trapped slaves on both sides of this bogus so-called war. Nothing good has ever evolved since Rothschild's conception of the Israeli flag and illegal sprawling borders. I hope for peace & security for all the

“self-hating Jews” (a shit title given to “individuals” resisting the government’s tyranny and apartheid destroying what’s left of Palestine and surviving few). Let’s defund and end the military occupation of the rogue fascist government of Israel and then restore Palestine for 🇺🇸 & 🇮🇱 for all—sincerely.

There is no such thing as Palestine. The Brits named the area that when they took it from the camel-effing Ottomans in 1918. Before that, it was a sewer. 2000 years before that, it was the Land Flowing With Milk and Honey, and had been off and on for 2000 years before that, only when Hebrews ran it. The only time in history when the area was worth anything at all is when Hebrews controlled it. That's enough for me to conclude, Let the Jews have it! Looking at the history of Muslims on the other hand, it's enough for me to conclude toward said Muslims: "Don't give those bloodthirsty savages one g-dd-mned penny!"

I agree with everything you said, but I so very much hate all armed conflicts, though I do support the right to own firearms, just not for killing people. I’d make an exception for Legally-executing all the Lawyers who are most responsible for these inhuman policies, but just the evil Lawyers, not the trapped slaves on all sides of these bogus wars.

I have equal concerns for both my Palestinian and trapped Jewish friends who are persecuted daily for speaking up for Palestinian and against their racist family, friends and Zionist government agents.

Truly, Zionism is NOT a religion and does NOT respect humanity, whatsoever, but a political-action terroristic organization based on very racist philosophies, just like those who organize as terrorists within my country, USA, such as AIPAC—who's always manipulating our elections and then blaming Russia or China, and the criminals of the ADL—who attack and divide up Americans over the rights of Israel and Jewish Americans, but never acknowledge how hypocritically-insane their principles are, nor do they ever mention the defamation of Muslims, Christians or murdered Palestinians, ever.

Q drop 916:

'We are saving Israel for last.

Very specific reason not mentioned a single time'

It looks like during the Abraham Accord talks, some major decisions were made.

Throughout Africa and across the world countries are liberating from European colonial occupation. Is the same thing happening in Palestine? Has the British occupation codified by Balfour in 1917 come to an end?

6 million Israelis were vaccinated and Israeli all-cause mortality is skyrocketing. Was this also part of the plan?

Having known about the 9/11 false flag psy-op and the global covid fake pandemic psy-op, and all the other psy-ops, this was just so obvious. Reading your account was collaborating all my initial intuition on this. The "surprise attack" is laughable. That all the world, even all the people who should know better, is being focused on this is telling also. Distraction is always part of the play. Of course, with the Ukraine money laundering operation being potentially derailed by the dismissal of the Speaker of the House maybe they are starting a new money laundering excuse. I don't know but I have been predicting a global war for two years as a means to cover up the millions of covid bioweapon injection murders. Feels like we're getting close.

When I see videos of individual attackers in micro light gliders flying right into Israel -- the kind of airborne vehicle an IDF soldier with a rifle, a pistol, or even a bow and arrow could neutralize -- I think

this is very suspicious. I mean, even a local police department could have blown these gliders out of the sky with shotguns. Where were they? I don't understand how they just flew right in. Very suspicious.

Thank you Efrat. Agree. It was a planned assault. We in America are sitting ducks as the traitors at the helm usher in illegal aliens who are being trained to displace citizens. I always considered Israel as a refuge if threatened, however watching the Covid games it was clear that Israel too had been

compromised. Let us pray for G-d and Men and Women with integrity to fight like hell. I have never witnessed such evil - allowing foreign invaders to massacre and torture its citizens.

I argue that the "weakness" is surrounding yourself for 55 years with bloodthirsty savages, and feeding them so they don't literally starve to death from their own savagery. That's the status quo of ALL of Israel's political factions. And the Israeli people are so brainwashed now that they think this is normal. It's hard for me to pity that anymore, especially when America stands on the brink of its own Anarcho-Tyranny transformation.

I strongly suspect U.S. "Intelligence" also knew about the attack. They certainly knew that the weapons they left behind in Afghanistan would fall into terrorist hands. I'm sure they also knew that all the money they've been pumping into Iran would fund terrorist operations. Our so-called President and his administration were also very aware that perceived American weakness and the "distraction"

of the Ukraine War would leave a giant opening for turmoil in the Middle East. There have been some early reports that weapons the U.S. sent to Ukraine found their way into the hands of Hamas terrorists. Not surprising, considering weapons bound for Ukraine have been reportedly sold to groups in countries as far away from Ukraine as Mexico.

Hi again Efrat. I hope you are safe and in good spirits.

I came across a pertinent article I wanted to share with you. But first, I'd like to re-iterate some of the key points you made in your video, for they seem to align quite well with what is presented in this article.

- You said it seemed like a "planned operation on all fronts" (I am not clear as if you mean Mossad/Israeli forces could have been involved or not)
- But, you did seem to imply a "Deep State" is behind this. Who do you mean by this exactly? (within Israel, US, both, more?)
- "IDF spokesperson forbidding them to tell the complete truth..." (highly suspicious on their part)
- When talking about this war you pondered in a way who benefits (cui bono)? "...except for those who get rich from it, right?" (if you were to speculate - who does benefit the most from this particular Oct. 7 "war"?)

In light of these, I will start with a comment posted by a reader on this article (via another website that re-posted it):

===BEGIN COMMENT

It's not adding up. How does HAMAS fire 5,000 rockets in two hours. Could the Russians even fire 5,000 rockets in two hours? How does HAMAS cut a big hole in a fence that the Israelis are supposedly monitoring 24/7? If HAMAS actually started this "war" on its own, what does it hope to accomplish? The destruction of Gaza?

Hamas is playing into the Governments hands. Endless abuse and provocations elicit this terrorist response: exactly what the government wants. Now they can take the gloves off.

Excellent insight and thank you Efrat.

I hope you remain safe and this situation doesn't escalate.

It's difficult here in Australia just like other countries in the West to get truthful news from media about anything geopolitical

All governments are corrupt - Covid confirmed it

Thank you for your great and honest reporting. Please understand - this is so critical - that Israel was founded and financed by the Rothschilds, who are at the helm of the worldwide cabal / deep state. Their agenda is a one world government and they want Israel with Jerusalem, to be the capitol of this world government. Everything they do is for this purpose. Please research this. You can learn more about this agenda for world domination in this report: <https://www.stopworldcontrol.com/domination>

Most of the people in Israel are not “Jews” of the Bible. A very large and politically powerful number are Khazars from East Europe. The Khazar’s relationships are based on a win-lose philosophy. They fear to deal on win-win relationships as their ethics is “screw thy neighbor before he screws you”: there are only top dogs and bottom dogs. Khazar’s usurp Judaism to claim victimhood as they carry out their depredations against their neighbors. Look at Russia and Ukraine.

This is a time of judgment, Ezekiel 8-11, please read. Concerning this, only after 7 years shall the Messiah be revealed to ISRAEL as it must enter into tribulation for departing from the way of the LORD and meanwhile be punished (in order to return to the LORD). Sorry that these are not kind words but consider where ISRAEL was taken from and by whom (out of bondage). Mid way a false messiah shall be accepted UNTIL determined to be false. The reason for the present situation is to bring about the splitting of JERUSALEM as per scriptures. We all know JERUSALEM must remain with ISRAEL but the situation will not allow that (which is the goal). This is a US plan, that is why henceforth you shall observe many things especially judgments taking place in the US (the root cause).

Aaron's Blessing

Num 6:22 And the LORD spake unto Moses, saying,

Num 6:23 Speak unto Aaron and unto his sons, saying, On this wise ye shall bless the children of Israel, saying unto them,

Num 6:24 The LORD bless thee, and keep thee:

Num 6:25 The LORD make his face shine upon thee, and be gracious unto thee:

Num 6:26 The LORD lift up his countenance upon thee, and give thee peace.

Num 6:27 And they shall put my name upon the children of Israel; and I will bless them.

In peace the sons bury the fathers. In war the fathers bury the sons. Herodotus. I pray for everyone there. It's not a coincidence what happened. Incompetence , corruption and complacency are to blame. And may I add hubris. Remember some time ago that the Palestinians tried breaching that Gaza fence, but using waves of people to see if they can overwhelm the Israelis. And the soldiers were just using them as target practice. The Israelis let their guard down for just one moment and these guys just exploited it as much as they could. Even the biggest and strongest militaries have their weaknesses.

Seriously, why are Israeli people so dumb? Their government's entire ruling model is to maintain the constant threat of extermination. Why else would a government tolerate being surrounded by a bunch of bloodthirsty savages for 55 years--and actually fund them? This suspiciously executed sh*tshow today is not a surprise. What's a surprise is that it doesn't happen more often.

ha Ha, if we've learned anything from the origination of COVID, the banned social media accounts,, the 'kidnapping attempt' against Gov Whitmer, the falsified FISA warrant requests against the 2016 Trump campaign, the Russian collusion hoax etc. etc. etc the "Deep State" isn't a 'conspiracy theory' rather it is an established FACT.
