

New Zealand's COVID Data Analyst Has Smoking Gun Evidence on Vax Deaths

A whistleblower has found: 253 deaths from just 837 vaccine shots at one site. That's a 30% death-rate.

Recently, a New Zealand Ministry of Health employee went public with a COVID vaccine database that proves *the “vaccine” shots are actually killing people.*

The whistleblower noticed that too many people were *dying immediately after getting vaccinated for COVID.* He called himself

“Winston Smith” and he sat for an interview with Liz Gunn explaining the damning evidence from the COVID vaccine database.

That [video was released to the public on November 30th.](#)

The whistleblower had found data from a small town in the South Island of New Zealand (called Invercargil) that showed 253 “reported deaths” from just 837 COVID vaccination shots *at one vaccination site.*

That’s a death-rate of 30.23%.

In fact, there were 51 people who all got injected within a 2 hour window — *and all 51 people are now dead.*

BREAKING: Emergency video from Liz Gunn about the situation in New Zealand. They are arresting the person who wants data transparency. They should be arresting the corrupt members of the New Zealand Ministry of Health who are refusing to look at **the data** and prove it is safe.

It turns out that “Winston Smith” was actually Barry Young — a database administrator in New Zealand — because his employer, Te Whatu Ora Health New Zealand, [started an investigation of him](#) *the day after* the Liz Gunn interview became public.

What was Barry Young’s crime?

Well, according to his employer, it was “spreading Covid-19 misinformation using its data” of course.

Then Liz Gunn released a video on December 2nd that the whistleblower was being arrested by the police in a raid.

Barry Young was [put in custody and charged with “accessing a computer system for dishonest purposes”](#) before he appeared in court a day later.

MAN ACCUSED OF VACCINE DATA BREACH APPEARS IN COURT.

12.6 Million Shots Administered.

4 Deaths **POSSIBLY** Linked to the Covid Shot.

NO Evidence the Covid Shots Have Caused Excess Mortality.

@TeWhatuOra Should Release the Full, Anonymised Data, So We Can Check For Ourselves.

So what did this damning database apparently show? It showed sky-high mortality rates that should scare anyone who got one of the COVID “vaccines.”

Here are some of the numbers:

Batch ID 1: Total Vaccinated 711, Death Count 152. 21.38% Dead

Batch ID 8: Total Vaccinated 221, Death Count 38. 17.19% Dead

Batch ID 3: Total Vaccinated 310, Death Count 48. 15.48% Dead

Batch ID 4: Total Vaccinated 364, Death Count 37. 10.16% Dead

Batch ID 6: Total Vaccinated 1006, Death Count 101. 10.04%
Dead

Batch ID 2: Total Vaccinated 1018, Death Count 98. 9.63% Dead

Batch ID 7: Total Vaccinated 38, Death Count 3. 7.89% Dead

Batch ID 72: Total Vaccinated 5882, Death Count 278, 4.73%
Dead

Batch ID 62: Total Vaccinated 18173, Death Count 831. 4.57%
Dead

**Batch ID 71: Total Vaccinated 11019, Death Count 498. 4.52%
Dead**

The underlying mortality rate in New Zealand should be only 0.75% — according to Barry Young.

Meanwhile, it appears that over 11,000 exemptions from taking the clot shots were granted by the New Zealand government *on its own officials and bureaucrats* — almost as if they knew the vaccines were dangerous to their health and best avoided.

Who were these 11005 workers that got vaccine exemptions in New Zealand?

Why were they given exemptions when the rest of the country was forced to jab?

How many other countries had such exemptions?

Were politicians & other so-called elites exempt while the plebs took the shot?

Your request for Official information, reference: HNZ00023978

Thank you for your email on 5 July 2023, asking for the following under the Official Information Act 1982 (the Act):

“According to the legislation at the time in 2021, there were operational exemptions available for those who were not getting vaccinated against Covid 19. Your website outlines the process of applying for an operating exemption under clause 12a

Kindly share:

How many requests were received?

How many were approved by the ministry?”

From 13 November 2021 to 26 September 2022, a total of 478 applications for Significant Service Disruption exemption (SSD) were received. 103 applications were granted, covering approximately 11,005 workers.

Please note that it is not possible to provide the exact number of workers that were covered by SSDs. This is because it was possible for an organisation to submit an application to cover more than one worker.

In a recent interview, Steve Kirsch has called Barry Young one of the great heroes of the COVID pandemic for obtaining this data — at great risk to himself.

Vigilant News 
@VigilantNews

Steve Kirsch Calls NZ Vax Data Whistleblower a Hero: "He Was Willing to Sacrifice Himself to Save Lives"

"He [Barry Young] knew he would be sentenced to seven years in jail for this. And the reason he did it is because this guy has courage, and he's a hero. He's the first person on the planet ever to basically say, hey, I'm going to do this come hell or high water. And if they put me in jail for seven years, I will not see my family for seven years. And he was willing to sacrifice himself to save lives."

Barry is indeed a hero. Please share this post to rally support behind him and spread the word about his data.

Needless to say, this vaccine database is a total disaster for Big Pharma — and for the corrupt government officials pushing the shots around the world.

Such high mortality rates would have triggered a global halt to COVID vaccine programs — *if the health of the vaccinated was the goal.*

Since a global halt has not been called, it's time to admit that *the clot shots were never about your health and well being.*

A darker objective must now be entertained.

I Need Your Help!

I was the first reporter to tell you that Dr. Fauci funded the Wuhan Lab in 2020.

Then I was banned from Twitter in 2021 because I warned you about the dangerous COVID “vaccines.”

Then left-wing hate groups targeted me in *Washington Post* articles to keep me banned on social media forever in 2022.

Now the voting machine companies Smartmatic and Dominion want to *search through my emails and telephone records* in 2023.

It's very expensive to prepare for litigation, and discovery, in these massive lawsuits brought by the voting machine companies. (Fox News paid out almost \$800 million just last year.) They try to bankrupt and silence conservative journalists by dragging them through court proceedings for years.

Independent and fearless journalists need your support *like never before*.

I need your support like never before.

If we are going [to survive the current regime](#) then we must stand together.

I've got your back. Do you have mine?
