Japanese Researchers Uncover Conclusive Proof
Variants Originated from Human-Made Sources

A stunning Japanese study that has evolved from
reviewed publication suggests that all COVID-19
engineered in biolabs and intentionally released u

First released in August 2023, the study, conducted
Japanese virologists Professors Atsushi Tanaka and
of Osaka Medical University and Kyoto University,
to keep COVID around is part of a nefarious deep
remove our individual freedoms and control us.

If true then there can be no other conclusion that
talked for many decades about Eugenics have ind
