

# Here Comes The Next Plandemic: Disease X

Allowing your government to suspend your rights during a pandemic means governments will create pandemics in order to take away your freedom

*The Right Way* is the #1 conservative blog on Substack — recommended by over 240 other Substack authors!

The U.S. government has already coerced half the governments of the world to inject their citizens with DNA-altering drugs with more than 1,200 side effects — thus weakening the immune systems of billions of people.

But that’s “so last year” — as the kids say dismissively.

*That’s old news.*

Now that your vaccinated friends and family can’t even fight off a common cold, the corrupt elites of the West are talking about a new bio-weapon made from a Chinese lab called “disease X.”

## Chinese scientists 'create' a mutant coronavirus strain that attacks the BRAIN and has a 100% kill rate in mice - as they admit there's a 'risk it spills over to humans'

- Eight rodents infected with the pathogen 'surprisingly' died within eight days
- Critics of the study said: 'This madness must be stopped before [it is] too late'
- **READ MORE:** World leaders meet to thrash out plan to **protect against 'Disease X'**

By [CAITLIN TILLEY, HEALTH REPORTER FOR DAILYMAIL.COM](#)

Chinese scientists have been experimenting with a mutant **coronavirus** strain that is 100 percent lethal in mice — despite concerns such research could spark another pandemic.

Scientists in Beijing — who are linked to the Chinese military — cloned a Covid-like virus **found in pangolins**, known as GX\_P2V, and used it to infect mice.

The mice had been 'humanized', meaning they were engineered to express a protein found in people, with the goal being to assess how the virus might react in humans.

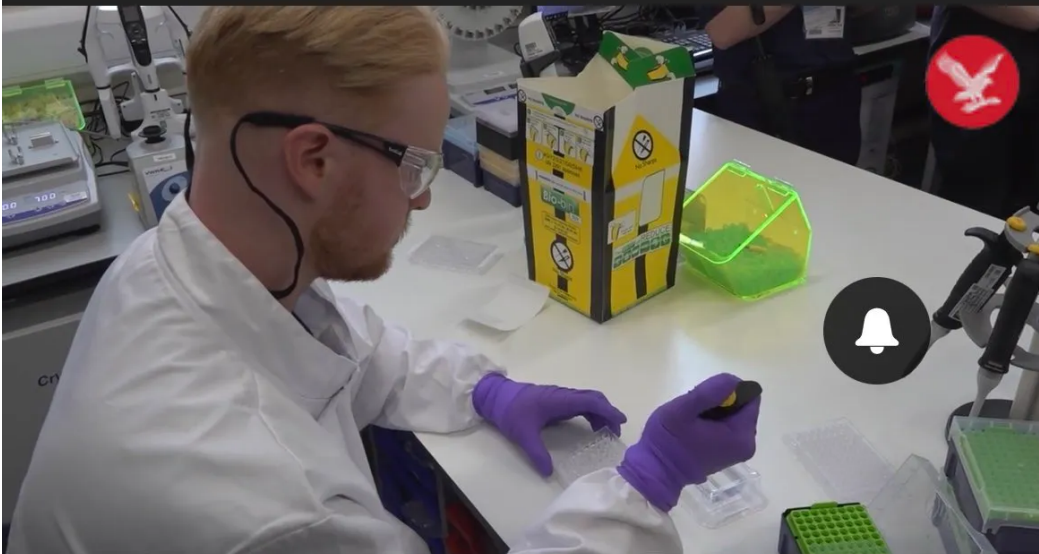

All the same corporate news outlets that coordinated the propaganda about COVID-19 in 2020 are involved in pushing the story of Disease X in 2024 as well.

# World leaders to meet to discuss threat of hypothetical ‘Disease X’ pandemic in Davos

‘Disease X’ is ranked as a priority for awareness campaigning by the WHO alongside Covid-19, Ebola and Zika virus

Arpan Rai • 4 hours ago • 2 Comments

Why is Disease X being launched now — you ask?

Because America is 292 days away from the next election which will be won (in a landslide) by Donald Trump — unless China and our intelligence agencies intervene again.

Just as they did in 2020.

The FBI and the CIA run by the Biden regime need an excuse to openly interfere in the 2024 election — to stop it from happening at all if necessary — and “disease X” is the perfect excuse for their Continuity Of Government plans.

That was our fatal flaw: *if you allow your government to suspend your rights during a pandemic then your government will create pandemics in order to take away your freedom.*

They are going to shut down the world. Again. They will do *whatever it takes* to stop you from putting Donald Trump in the White House.

WEF Davos - Disease X

Incredible work by this independent journalist!

Can you tell us when you're going to release Disease X?

Do you already have the so called 'vaccine'?

These Global Lunatics/Deep State are responsible for ALL the insanity in the world right now.

4:35 PM · Jan 16, 2024 · 688.2K Views

The *purpose* of the World Economic Forum is to launder China's total surveillance communism through a bogus Western NGO to make its totalitarian ideas more palatable.

Just like the *purpose* of the World Health Organization is to launder China's global population schemes (more properly called *depopulation* schemes) through a bogus Western NGO to make them more palatable.

These global organizations are merely *Western proxies* for their masters in Beijing.

You must always remember: China is the moving ideological force.

To make matters worse, China already owns the Biden regime — and America's 17 intelligence agencies have done their best to hide the Biden family's corruption from the American people for the last four years.

The CIA and the FBI are not countering China — *they're conspiring with China*.

That explains why the Biden Regime called for the WHO to conduct an investigation into the origins of COVID in China — which really meant it called for *no investigation at all*.

That also explains why the Biden Regime tied to *lower the penalties for trafficking fentanyl* while it also *rolled back restrictions* on Chinese spyware-disguised-as-telecom company Huawei.

The Biden regime [already tried to formally transfer our sovereignty over to China](#) by signing the WHO pandemic treaty in March 2023.

Chinese agents were allowed to set up bio-weapons labs in California last year while the FBI was busy directing its agents to infiltrate Catholic churches to hunt for Latin mass *aficionados*. Chinese males are being allowed to cross our border in large numbers *with the assistance from DHS*.

The hour is *much much much* later than you think.

China has no interest in allowing a free and fair election to take place in America ever again — and neither does its puppet regime in Washington — and that's why *chaos is coming for us* in the next 292 days.

Prepare accordingly.

## **I Need Your Help!**

In 2020, I was the first reporter to tell you that Dr. Fauci funded the Wuhan Lab.

In 2021, I was banned from Twitter because I warned you about the dangerous COVID "vaccines."

In 2022, left-wing hate groups targeted me in *Washington Post* articles as a "conspiracy theorist" to keep me banned on social media forever.

In 2023, the voting machine companies Smartmatic and Dominion want to *search through my emails and telephone records* .

It's very expensive to prepare for litigation, and discovery, in these massive lawsuits brought by the voting machine companies. (Fox News paid out almost \$800 million just last year.) They try to bankrupt and silence conservative journalists by dragging them through court proceedings for years.

Independent and fearless journalists need your support *like never before*.

*I need your support like never before.*

If we are going [to survive the current regime](#) then we must stand together.

I've got your back. Do you have mine?
