# Australia sets a date to achieve the first goal of The Great Reset – nationwide digital IDs

Australia has become the latest country to delve head-first into the first goal of The Great Reset, which is to digitise its citizens.

When digitised identities get matched with central bank digital currencies, it's game over for freedom of thought, movement, etc. All human

## Australia Becomes Latest Country to Launch Digital ID System

By Leo Hohmann (<https://substack.com/@leohohmann>)

The Australian government recently announced it has set 1 July as the tentative rollout date for its nationwide digital ID. The exact date will depend on the timing of its legislation which is due to be adopted by the federal parliament.

The UK has made similar plans, which were made public last year in a document titled '*Enabling the Use of Digital Identities in the UK*' (<https://www.gov.uk/guidance/digital-identity>).

Ethiopia, Nigeria, China, the European Union and a host of other countries are in the process of digitising their citizenry.

I reported last year (<http://leohohmann.com/2023/05/14/third-australian-province-announces-rollout-of-biometric-digital-identity-bill-introduced-in-u-s-congress-would-do-the-same-for-americans/>) that in the US, Senators Kyrsten Sinema of Arizona and Cynthia Lummis of Wyoming have introduced Senate Bill 884, which would offer digital identities for all Americans, but thus far the bill has not been advanced through Congress. They are likely waiting for the opportune time, probably after some major cyber-disruptive event like that which was predicted in the Obama-produced movie '*Leave the World Behind*' (<https://expose-news.com/2024/01/06/leave-the-world-behind-an-analysis-by-dr-mercola/>).

I have also recently reported (<http://leohohmann.com/2024/01/30/biden-regime-expanding-intrusive-facial-recognition-scans-to-all-430-federalized-airports/>) how Americans are being conditioned at US airports to having their faces scanned, which is part and parcel to having a *de facto* digital ID.

According to a report by *Biometric Update* (<https://www.biometricupdate.com/202402/australias-digital-id-may-launch-in-july-heres-what-to-expect>), Australia's stakeholder-comment period for a sweeping Digital ID Bill came to a close in late January after receiving submissions from business and financial groups as well as civil rights organisations. The government is now consulting with the states, *ChannelNews Australia* reports (<https://www.channelnews.com.au/australian-digital-id-plans-but-it-will-confuse-some/>).

The Department of Finance told *ChannelNews* that the new system will allow users to choose their preferred digital ID provider for accessing services from both the government and private sectors.

state, territory and private sector organisations that choose to participate.”

The national digital ID will function like an expanded version of MyGovID, which Australians already use to access the Australian Taxation Office, Centrelink (which delivers Social Security payments to Australians) and Medicare.

In other words, whether you need to pay the government or receive payments from the government, you will at some point be locked out of the system if you don't have a digital ID.

All accredited digital ID systems will be expected to observe the same three levels of security standards with the highest one including registering user biometrics, such as a face, palm or eye scan.

According to *ChannelNews*:

A user will be able to generate a multipoint image on a device that will be checked against their passport photo and, in the future, driver's license. Establishing your credentials only needed to be done once, officials say.

Once the legislation passes through Parliament, the new national digital ID will roll out in several phases, according to an [explainer](https://www.choice.com.au/consumers-and-data/data-collection-and-use/who-has-your-data/articles/digital-id-in-australia) (https://www.choice.com.au/consumers-and-data/data-collection-and-use/who-has-your-data/articles/digital-id-in-australia) published by consumer protection group Choice.

During the first phase, the government will work on setting up a regulator and expanding its use.

In phase two, local state and territory digital IDs will be used to access Commonwealth services while phase three will see myGovID used in the private sector.

In the final phase, Australians will be able to use privately created digital IDs that have received accreditation for accessing some government services.

This is part of the global digital reset that is coming to all nations. They will sell it by saying it's for your safety and security. Part A of the globalists' plan is for people to accept a biometric digital ID, and Part B will be to get them to accept a central bank digital currency linked to their digital ID. At this point, casinos eliminated, along with all privacy, and the full infrastructure for a one-world beast system will be in place. In other words, there will be no turning back at this point, meaning it's time to exit the system completely or become its slave. You will have a choice. If you choose to have your God-given

the whim of an AI-driven social credit system built upon demonic algorithms. You step out of line, perhaps refuse to stay up to date on your shots, and your money gets turned off. You criticise the government-corporate narrative online, and your money gets turned off. You buy more meat or gasoline than you have been allotted by the system, and your money gets turned off. About time 'The People' stand opposed to this HORROR...As if they don't; SLAVERY IS THE ONLY OPTION and after ancestors were starved, exposed to the elements, beaten, raped, murdered at will and kept illiterate and diseased, stupid and weak...THIS IS SOMETHING TO AVOID AT ALL COSTS.

People don't seem to grasp the fact that they've TRIED TO MURDER AS MANY OF THE PEOPLE AS POSSIBLE. THEY'RE ATTACKING CHILDREN AND MUTILATING CHILDREN IN SCHOOLS. THEY'RE MAKING PEDOPHILIA LEGAL AROUND THE WORLD. THEY'RE TRAFFICKING BABIES AND CHILDREN TO USE AS SLAVES WHO THEY TORTURE AS LONG AS POSSIBLE IN ANY WAY POSSIBLE BEFORE MURDERING THEM FOR OXIDIZED ADRENOLIN CALLED ADRENOCHROME AFFECTING THE BODY AS LSD; instead of just taking LSD or Mescaline or another hallucinogenic. THEY'RE GOING TO FORCE ORGAN HARVESTING AS IN CHINA, AND DETERMINING THE MOMENT OR AGE OF EUTHANASIA

Appalling governmental over reach. Governments are in treason by acquiescing on such a measure for totalitarian dictatorship and discard of human values and rights. They want rid of the Western populations because of the equal and opposite relentless white culture millennia's long fight for freedom, They can play the non white populations more easily...

Most Australians will not sign up for it so nothing to worry about. They tried a scheme to get people to agree for sharing of medical records and that failed because so many chose to opt out. They can offer it but they cannot force it. Australians rejected a citizen identity card decades ago so this will go nowhere.

I'd like to think that you're right Roslyn and I think that there will be significant pushback here, but I believe that they WILL implement it this time around and they will have thought of all of the evil, sinister ways to suck everyone in and bribe us by the denial of essential services.

They'll make it impossible to participate in society without a Digital ID and will likely target schools and children somehow as well.

I will never relent, I don't want to be part of their evil, psychopathic Beast system anyway. I believe that we're already past the tipping point, so I'll do what I can to push back and continue spreading the word, meanwhile planning and taking action to get out and get off grid.

Unfortunately I expect that almost everyone I know will go along with it, despite the fact that I've been trying to warn them for quite some time. It's just all SO convenient isn't it! The majority of people can't be stuffed fighting it nor giving up their devices, 'smart' tech, etc.

First the carrot then the whip. At first they probably will give extra money or other benefits to lure the masses in. It is easy if many of them are poor and hungry.

In many countries money was offered for being vaxxed or boosted, Ukraine, Slovenia, Hungary, etc.

I'm an Aussie and I remember the Australia card and the pushback then. Unfortunately since then many have been jabbed and may have lost their discernment.

However I believe it is simple, and this is the simple message we must spread – DO NOT COMPLY. I certainly won't and I know many who feel the same, and many more who are waking up. What are "they" going to do then – put millions of people in prison?

They don't need that. They can target people with many methods, they control the weather (famine, droughts, floods, earthquakes) they have the 5G kill grid, they are spraying us daily, there is no health care anymore, the water is poisoned, etc. A bit more from these will do the job.

I cannot agree with the Author. I certainly believe there will be a circumstance in which we must decide who we follow and in whom we believe and if we do not agree with the powers of the earth we shall be cut off from buying or selling. CBDC most certainly can achieve this even without the requirement of biometrics. China has used face recognition in Hong Kong airport for over 20 years. It is not really different to a person recognising your face.

We are constantly hearing we shall have 'the mark of the beast' without which we can neither buy nor sell. But people ignore how the mark of the beast is acquired.

In Revelation 13 we meet two beasts, the first coming from the sea, that means from among the people, who blasphemes against God. Of him we are told;

**6** And he opened his mouth in blasphemy against God, to blaspheme his name, and his tabernacle, and them that dwell in heaven.

**7** And it was given unto him to make war with the saints, and to overcome them: and power was given him over all kindreds, and tongues, and nations.

**8** And all that dwell upon the earth shall worship him, whose names are not written in the book of life of the Lamb slain from the foundation of the world.

The second beast comes next, rising from the earth. He has all the powers of the first. It makes people create an image, thus;

**11** And I beheld another beast coming up out of the earth; and he had two horns like a lamb, and he spake as a dragon.

**12** And he exerciseth all the power of the first beast before

**13** And he doeth great wonders, so that he maketh fire come down from heaven on the earth in the sight of men,

**14** And deceiveth them that dwell on the earth by the means of those miracles which he had

both speak, and cause that as many as would not worship the image of the beast should be killed.

All this information is vital to understand the next;

**16** And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:

**17** And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.

**18** Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.

There have been many great Scholars who have very carefully and prayerfully studied the Bible, Revelation especially, and most will tell you that the second beast is probably North America and the first whom people are made to worship, is the Pope or Church of Rome.

The State already has control of my income through my pension. It could stop it any day. It does not depend on CBDC, although CBDC is a threat that makes it too easy for a Fascistic regime to enforce control over people and cut off their freedom.

But in order to fit the Biblical description of the second Beast's demands, the people have to 'worship the image of the beast' because 'he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed.'

Ushering in the system of the Antichrist.

Rev 13:16 And he causeth all, the small and the great, and the rich and the poor, and the free and the bond, that there be given them a mark on their right hand, or upon their forehead;

Rev 13:17 and that no man should be able to buy or to sell, save he that hath the mark, even the name of the beast or the number of his name.

the mark of his name).

The technology to give people a mark that enables them to buy and sell in the electronic economy is available. There are many different ways it could happen, and such programs are proposed and tested constantly.'

Satan is not a creative being, all he can do is imitate God. We are not surprised to find that this too is a Satanic parody of something God will do; it imitates God's mark upon his people (Rev\_7:3-4).

I truly pity these servants of Satan if you read the book of Revelation, the Judgement that God is to inflict on them is almost unthinkable, yet they carry on.....
