Project Veritas [released a trove of documents today](#) that originated from DARPA — which is the secret research & development wing of the U.S. military. The military documents directly contradict Dr. Fauci’s testimony under oath to Congress regarding “gain of function” bioweapons research — and reveal much more.

The documents outline how Peter Daszak’s EcoHealth Alliance approached DARPA in March 2018 with a request for funding “gain of function” (bioweapons) research using bat coronaviruses. The proposal was ultimately rejected by DARPA over safety concerns — though DARPA did not voluntarily share these documents with the American public while Daszak and Fauci misrepresented their research work on a daily basis in the national media for two years.

There are bombshells everywhere you look in these documents — particularly in the report for the Department of Defense’s Inspector General [written by DARPA fellow and Marine Corps Major Joseph Murphy](#). The first sentences of Murphy’s report state: “SARS-CoV-2 is an American-created recombinant bat vaccine, or its precursor virus. It was created by an EcoHealth Alliance program at the Wuhan Lab of Virology...” This tells you right away that not only Dr. Fauci but the U.S. intelligence services and the U.S. corporate media have been deliberately lying to the American public for two years about *everything related to COVID*.

Major Murphy seems to confirm this nightmare scenario in a curious sentence at the end of his report: “The massive “Manhattan Project”-level of information suppression executed by the government and the Trusted News Initiative indicates that it would be covered-up if something bad happened.” Major Murphy seems to be asserting that the U.S. government has collaborated with *the vast majority of corporate media outlets* to deliberately and knowingly mislead the American people about the COVID pandemic.

James O’Keefe asked DARPA the following question: “Who at DARPA made the decision to bury the original report? They could have raised red flags to the Pentagon, the White House, or Congress, which may have prevented this entire pandemic that has led to the deaths of 5.4

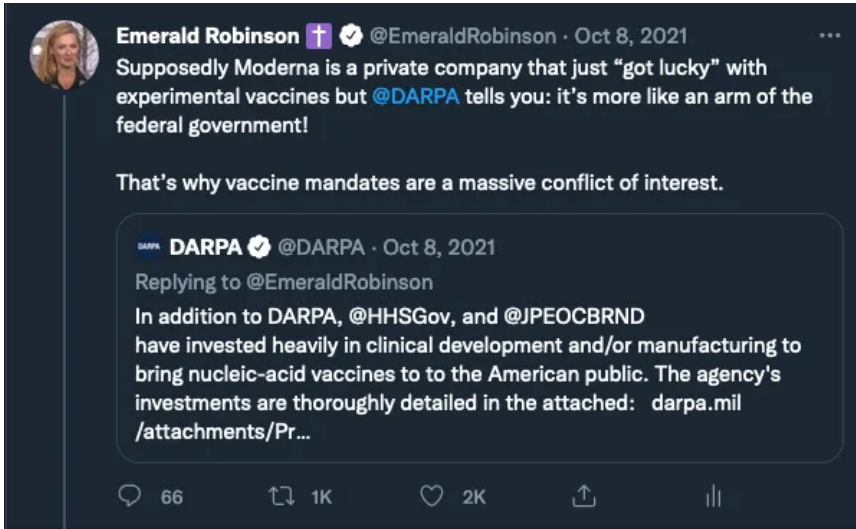

million people worldwide and caused much pain and suffering to many millions more.” Who thinks that an honest answer to that question will ever be revealed?

O’Keefe is not the only one who has asked DARPA some troubling questions recently. Three months ago, DARPA began *directly responding* to some of my tweets regarding their role in Moderna’s mRNA vaccine. The responses came from DARPA’s official Twitter account. Here’s a sample:

DARPA was apparently quite proud of the fact that it provided grant money to Moderna for vaccine development. It did not occur to them that it’s an unprecedented conflict of interest for the U.S. federal government to be coercing Americans into getting an experimental vaccine when the supposedly private company that creates the experimental vaccine is basically a subsidiary of the federal government.

DARPA wanted to assure me that no federal conflict of interest rules had been violated. This seemed preposterous to me since [DARPA was actively investigating why Moderna had obscured its funding provided by DARPA](#) for the new vaccine!

In fact, [the federal government is most likely the actual owner](#) of Moderna's COVID vaccine. My response was a bit cheeky.

Why was DARPA interested in experimental DNA vaccines in the first place? Since when does DARPA get involved in healthcare?

Well, it turns out that DARPA is actually interested [in an implantable microchip “that can change human DNA.”](#)

Here's where things get very dark and very interesting. In a 2019 article title [“The Government Is Serious About Creating Mind-Controlled Weapons”](#) the author Ed Gent explains that DARPA wants to genetically “tweak” human beings. How is that possible? The article explains that DARPA “plans to use viruses modified to deliver genetic material into cells — called viral vectors — to insert DNA into specific neurons that will make them produce two kinds of proteins.”

Are you awake yet? They want to use *viruses that have been modified* to deliver *genetic material* into your cells to *change your DNA*. How would that work? The article explains:

*The first type of protein absorbs light when a neuron is firing, which makes it possible to detect neural activity. An external headset would send out a beam of infrared light that can pass through the skull and into the brain. Detectors attached to the headset would then measure the tiny signal that is reflected from [the brain](#) tissue to create an image of the brain. Because of the protein, the targeted areas will appear darker (absorbing light) when neurons are firing, generating a read of brain activity that can be used to work out what the person is seeing, hearing or trying to do.*

*The second protein tethers to magnetic nanoparticles, so the neurons can be magnetically stimulated to fire when the headset generates a magnetic field. This could be used to stimulate neurons so as to induce*

*an image or sound in the patient's mind. As a proof of concept, the group plans to use the system to transmit images from' [the visual cortex](#) of one person to that of another.*

The words that should stick out for you are: *magnetic nanoparticles*. That's usually another name for: graphene oxide. There are numerous reports that graphene oxide is an undisclosed ingredient showing up in the experimental vaccines. If that's true, then the question must be asked: why is such a thing being distributed secretly into the population (without their consent) using the experimental vaccines?

Let's be clear what *we do know* now: American taxpayers actually paid the Chinese Communist Party to create COVID-19. Fauci and Peter Daszak and Dr. Ralph Baric did everything they could to create this bioweapon. When things "went bad" the U.S. government *actively suppressed the truth to the American people about its origins*. Then the U.S. government *actively suppressed cheap cures* like Ivermectin and HCQ in order to push experimental vaccines being developed by DARPA. (How many people died because of that decision?) The American corporate media also *actively collaborated* with the U.S. federal government to suppress the truth about COVID — including by branding honest journalists as "conspiracy theorists" who accurately reported the truth.

These are the broad outlines of a criminal conspiracy the likes of which we have never seen before. The vaccine mandates are a direct assault on the concept of "informed consent" and violate the most basic tenets of the Nuremberg Code. The United States government has been caught conducting the largest unauthorized medical experiment in the history of mankind. It's not just that the mRNA vaccines are "leaky" and don't work well — it's that *they produce the very spike protein which was considered too toxic for research purposes in the first place*.

Major Murphy's report states this problem explicitly: "Decisions with regards to the vaccines do not appear to be informed by analysis of documents. The main points being that [...] the DoD rejected the [EcoHealth] program proposal because vaccines would be ineffective and because the spike proteins being inserted into the variants were deemed too dangerous (gain of function); and that the DoD now mandates vaccines that copy the spike protein previously deemed too dangerous."

We've already injected that spike protein into 206 million people in the United States.

*May heaven help us.*

This makes me sick, our government is trying to turn us into robots, with them in control. I have never trusted our government, but now we have to be very careful what we accept from it. In my opinion, our government should be dismantled one agency at a time, and start over. With guidelines in place to root out the dirtbags and evil sob's in place now. If they are caught breaking any rules they are put to death. No more Pelosi's, Schumer, Biden's. No more uniparty and no rino's.

What can I say to a journalist who has written such a detailed, informative, important Substack article. The deception that has been done to the American people and all of the nations of the world is abhorant. Many of us have followed this for many years and thank you for putting together DARPA and its role with Fauci et al. No matter how much we try to spread the fact that the faux vaccines kill..so many just followed and we have seen so many deaths initially and now so many more deaths from turbo cancer, heart issues, immune disorders etc. The mad scientists were so devious as to put time and distance between the faux shot & death so as to make it look like it's not connected. Then there is the "Booster brigade" who advocate for people every 6 months to take another death shot and blatantly go on TV and say this to people. And pediatricians & drs are still pushing it and knowingly some pediatricians are getting incentivized if a certain percentage of their young patients are innoculated with this dangerous shot. Common sense & critical thinking where art thou? Question everything and never ever lockstep. Thank you for your wisdom 🙏🙏🙏
