A massive fire has engulfed Feather Crest Farms, located east of Kurten, Texas, in Brazos County, causing widespread alarm and prompting a massive response from multiple fire departments.

The fire, which was reported just after 5 p.m. near Fickey Road east of Kurten, has become a major concern for local authorities and residents.

At approximately 6:30 p.m., Bryan Texas Utilities announced that, in order to ensure the safety of firefighters responding to the fire, system operators would be temporarily disconnecting service for approximately 140 customers.

Crews have isolated the services near the fire and restored all unaffected customers.

Early reports indicate that the fire has consumed a building and several tanks on the premises of Feather Crest Farms. Eyewitnesses have reported hearing a loud explosion prior to the outbreak of the fire, suggesting a possible cause, although this has yet to be confirmed by officials.

Authorities have issued a stern warning to the public to avoid the area to ensure emergency vehicles have unimpeded access. The size and intensity of the fire have made it a challenging task for the firefighters, who are working tirelessly to contain the flames.

At this time, there is no information available regarding potential injuries or the exact cause of the fire. Investigators are on scene to determine the origins of the blaze and whether the reported explosions played a role in its escalation.

Residents in the vicinity of Feather Crest Farms have been advised to remain vigilant and follow safety instructions issued by local authorities.

This is a developing story. Updates will be provided as more information becomes available.
