MOHON MAAF

1) Sempena berita tentang Pfizer baru2 ni, terzahir kelemahan dalam industri yang saya sendiri berada di dalamnya.

2) Kesedihan terdetik dalam diri ini, kerana sebelum bertemu dengan Dr Razin Jaafar, adanya banyak kesilapan2 dalam nasihat perubatan yang saya berikan, lebih2 lagi berkait dengan cov-v.

3) Namun saya sangat berterima kasih kepada beliau kerana kini saya lebih terbuka mata dan lebih celik akan ilmu-ilmu kesihatan, yang sejujurnya lebih fitrah dan kena pada jiwa saya sebagai pengamal perubatan dan sebagai muslim.

4) Sewaktu zaman covid yang lepas, tak boleh dinafikan ianya sukar bagi warga ahli kesihatan yang bertungkus lumus dalam memberikan khidmat kesihatan terbaik, dan lebih sukar lagi bagi rakyat yang lain menghadapi PKP.

### ***PLEASE FORGIVE ME***

*1. In light of the recent news about Pfizer, a weakness in the industry, which I am part of, has been revealed.*

*2. I feel saddened because, before meeting Dr. Razin Jaafar, **there were many mistakes in the medical advice I provided**, especially concerning COVID.*

*3. However, I am very grateful to him because I am now more open-eyed and more enlightened about health sciences, which honestly are more natural and fitting to my soul as a medical practitioner and as a Muslim.*

*4. During the past COVID times, it cannot be denied that it was difficult for health care workers who strived to provide the best health services, and even more difficult for the rest of the citizens facing the lockdown.*

*5. The administration of the vaccine at that time was seen as the best way, and the mass vaccination program was launched very quickly.*

*6. I was also involved, in my capacity, in giving medical advice and obtaining 'consent' so that the vaccine could be administered.*

*7. I, as a medical practitioner, also **received 3 Pfizer vaccines**.*

*8. Everything happened in a 'touch & go' manner, it was impossible for me to identify whom I had given medical advice related to this issue.*

*9. With this, **I would like to apologize a thousand times for the mistakes I had made in the previous years**, especially to those who came to me during the mass COVID-vaccination season.*

10. Honestly, I am incapable of assisting financially should complications occur.

11. However, I will try my best to provide more holistic medical advice, in line with the Restorative sciences brought by Dr. Razin.

**I apologize, Malaysian Citizens!**
